NO WORRY TO THE EAGLE.

The Bryan Eagle is worried nearly to death because Senator Sheppard and some of his fellow townsmen at Texarkana disagreed about the appointment of the postmaster at that place, and asks the Register's opinion of the case. The Register can't see that it is any of its business, or The Eagle's either. The personality of the Texarkana postmaster doesn't affect us in the slightest degree. Let the Texarkana settle it among themselves.—East Texas Register.

The Eagle is not worrying at all over the Texarkana postoffice and only referred to the matter to lay it alongside a dirty fling at Joe Bailey made by the Register. The Register says "let the Texarkana settle it among themselves." That's exactly what they did, and on the fairest plan that could have been adopted—a primary. There's where the trouble comes in. The nominee of the primary was not Senator Sheppard's choice and he at once bolted the primary and brought his own and all the other Congressional influence he could muster to bear on President Wilson and in that way overran the will of the people of Texarkana as expressed at the polls. Sure, let the Texarkana settle it, but the Senator's unwillingness to let them do it is wherein rests the trouble.

1790—1915; FIFTEEN OUT.

The Richmond Times-Dispatch has compiled the following interesting data as to the recall of foreign representatives. It says:

"For the benefit of any foreign representatives to this country and their friends, we summarize the offenses committed by fifteen envoys who received their passports to the countries from which they came. The first occurred in 1790. The last, so far, in the current week. The list of offenses is:

"Politically and morally offensive.
"Inflammatory speech.

"Inflammatory speeches and organizing privateering expeditions against the British.

"Attempting to bribe a newspaper to oppose the views of the United States and advocate those of the ambassador's country.

"Bad faith.
"Offensive language to the Secretary of State.

"For efforts to defeat a certain proposition of this government regarding the country which the minister represented.

"Recruiting for a foreign war.
"Attempting to violate the neutrality laws of the United States.

"Interfering in legislation and vituperative language.

"Interference in American politics.
"Attempting to bias public opinion.

"Adversely criticizing the President of the United States.

"Failure to give satisfaction for the murder of Americans in the country of the representative.

"Criticizing in a published letter the internal affairs of the United States in its colonial policy.

"The last, to date, for attempting to call a munitions of war strike in the factories where workmen from the ambassador's country were engaged.

"Sixteenth offense—(waiting.)"

SO SAY YOU ALL, GENTLEMEN?

It is none of our affair, of course, and besides, as you well know, we've got our Cotton Palace to look after.

But we can't repress the wish or the hope or the expectation or whatever you want to call it that the dear good woman who is to preside over the White House would hurry up that ceremony.

And why?

Because there are so many other distracting events; we just can't be running to the window every minute—this column must be fed or there won't be any grunting table in our neighborhood.

But better still; there's the Theatre.

It doesn't take many words to point out the merits of this suit; the picture shows them at a glance.

giving dinner at the White House. Is it fair, kind lady, to let our Uncle Woodrow carve that turkey with a far-away, dreamy look in his eyes when he might be smiling as a daffodil?

It's your move, lady.—Waco Times-Herald.

From the rapidity with which events are shaping, it is our opinion the honeymoon will be waning ere the Thanksgiving bird comes to lay his head upon the block.

It is announced from Austin that the old veterans will have to discount their pension warrants for this quarter as the State is on a deficiency basis. Here is an opportunity for some man with money to show his patriotism in every town in the State where there is an old veteran drawing a pension. The pension is low enough at best, and for the old soldiers to have to discount them is a tragedy. Will not some man in Bryan take them all at par and carry them for a few months until the State is on a cash basis?

It is the deliberate opinion of The Eagle that the decisions of the judges in the baby show held during the fair, did not change the opinion of a single mother but that her baby was entitled to the blue ribbon. And, by Heck! we don't blame them.

The naval preparedness program as made out by Secretary Daniels and approved by President Wilson, calls for the expenditure of \$500,000,000 within the next five years. We hope nobody will go "hog wild" on the question of preparedness.

Don't plant all your land in cotton next year. If you do, it will again drop to six cents and you'll have nothing to eat yourself nor feed for your stock.

Now is the time to pitch the hog crop for next year. That hogs pay is evidenced by the fact that the bacon account is the biggest account carried by the Bryan wholesale and retail grocers.

That the August storm hit Brazos County for one-half the cotton crop, is the estimate furnished The Eagle by a conservative banker.

A ton of cottonseed now is worth more than a bale of cotton was this time last year.

CHANGED DATE OF FOOTBALL GAME

The Eagle is requested to announce that the date for A. & M.'s next football game has been moved up a day. The next game is with Rolla (Missouri Miners), and was to have been played next Friday, October 22, but on account of the circus coming on that day, it will be played the day before, Thursday, October 21. The game will be on Kyle field and will be the first really stiff team the Farmers have thus far met this season. All who attend will have an opportunity to see their mettle thoroughly tested.

A box supper given at the Leonard school house last night for the benefit of the Leonard school was enjoyed by a large crowd of the people of the community and from other sections of the county. Ice cream and cake were served as refreshments along with the boxes that were sold.

SLIGHT SCHEDULE CHANGE.

The following shows a slight change in the schedule on the Houston & Texas Central and a new arrangement for several other trains. The new arrangement will be effective Sunday, October 17:

The northbound train, No. 15, will arrive in Bryan at 1:38 p. m., instead of 1:35 p. m., the present schedule. No changes will be made in the time of the other trains.

Both day trains, Nos. 15 and 16 (the Hustlers), will be operated between Houston and Denison instead of between Houston and Dallas, as at present. All other trains, Nos. 5, 6, 17 and 18, will operate between Houston and Dallas. Trains Nos. 5 and 6 are the only trains operating between Houston and Denison at present, and under the new schedule they will be stopped at Dallas.

DISTRICT COURT ADJOURNED.

The September term of the district court was adjourned today by Judge J. G. Minkert, district judge pro tempore, after a full session of six weeks. The minutes were signed and approved, and J. D. Martin, J. A. D. Robinson and J. W. Burroughs, jury commissioners, having completed the selection of the juries for the next term of court, were discharged.

Very few cases were tried during this term of the court on account of the illness of Judge J. C. Scott, who was unable to attend the entire session of the court. All misdemeanor cases and cases for trial over which the county court has jurisdiction were transferred to that court and will be tried during the next term, which convenes Monday.

NOTICE TO THE PUBLIC.

By order of the postal laws and regulations you are required to keep mail boxes locked at all times. If not, your mail will be put in general delivery and boxes forfeited.

JOHN E. ASTIN, Postmaster.

FOOTBALL MONDAY.

The Bryan Stars will play their first game of the season against Allen Academy Monday afternoon, October 18, on the academy grounds. The game will be called at 4:15 o'clock. The Stars have a very good lineup and will no doubt give the school boys a run for their money. Allen's team has been somewhat strengthened this week with the addition of Cole and Weedon of Harvey to the squad, and with these two speedy players on the ends the team is well rounded out.

OIL FIND WAS SHY.

N. T. Melton, secretary of the Round Lake Oil and Gas Company, informs The Eagle that their test well in Burleson County did not afford oil in paying quantities at the depth of 1,087 feet, where the reported oil stratum was struck, and the drills have again been set in motion. The drillers had reached a depth of 1,100 feet at the last report, but had not found any more oil.
